NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS For the Year ended 30 June, 2006

Note 1 – SIGNIFICANT ACCOUNTING POLICIES

Note 1 Summary of significant accounting policies

The Local Government Reporting Entity

1.1 For the period 1 July 2005 to 30 June 2006, Willoughby City Council had its principal business office at 31 Victor Street, Chatswood, NSW 2067. Willoughby City Council is empowered by the New South Wales Local Government Act (LGA) 1993 and its Charter is specified in Section 8 of the Act.

1.2 The General Fund

In accordance with the provisions of S409 (1) of the Local Government Act 1993, all money and property received by Council is held in Council's General Fund unless it is required to be held in Council's Trust Fund.

1.3 The Trust Fund

The Council is required under the Local Government Act (Section 411) to maintain a separate and distinct Trust Fund to account for all moneys and property received by the Council in trust which must be applied only for the purposes of or in accordance with the trusts relating to those moneys. Trusts monies and property subject to Council's control have been included in these reports. Trust monies and property held by Council but not subject to Council's control have been excluded from these reports. A separate statement of moneys held in the Trust Fund is available for inspection at the Council's office by any person free of cost.

The principal accounting policies adopted in the preparation of the financial report are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of Accounting

Compliance

This general purpose financial report has been prepared in accordance with Australian equivalents to International Financial Reporting Standards (AIFRS), other authoritative pronouncements of the Australian Accounting Standards Board, Urgent Issues Group Interpretations, the Local Government Act (1993) and Regulations and the Local Government Code of Accounting Practice and Financial Reporting.

Compliance with International Financial Reporting Standards (IFRS)

AIFRS include certain provisions relating to not-for-profit entities that are not included in the International Financial Reporting Standards. In addition, Australian Accounting Standard AAS 27 Financial Reporting by Local Government also applies. Where AAS 27 conflicts with AIFRS, the requirements of AAS 27 have been applied. Where AAS 27 makes reference to another Australian accounting standard, the new Australian IFRS equivalent standard will apply. Except to the extent that these special provisions require, these financial statements and notes comply with International Financial Reporting Standards.

Willoughby City Council

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS For the Year ended 30 June, 2006

Note 1 – SIGNIFICANT ACCOUNTING POLICIES (cont)

Application of AASB 1 First-time Adoption of AIFRS

These statements are the first Willoughby City Council financial statements to be prepared in accordance with AIFRS and AASB 1 has been applied in their preparation. Previous financial statements have been prepared in accordance with the former Australian Generally Accepted Accounting Principles (AGAAP) which differ in certain respects from AIFRS. When preparing these financial statements, certain accounting and valuation methods applied in AGAAP have been amended to comply with AIFRS. With the exception of financial instruments, where Council has taken the exemption available under AASB 1 to only apply AASB 132 and AASB 139 (standards that relate to financial instruments) from 1 July 2005, the comparative figures have been restated to reflect these adjustments.

Reconciliations and descriptions of the effect of transition from previous GAAP to AIFRS on Council's equity and net income are given in Note 21.

Willoughby City Council is required to comply with AAS 27 *Financial Reporting* by Local Government, and where AAS 27 conflicts with AIFRS, the requirements of AAS 27 have been applied. Where AAS 27 makes reference to another Australian accounting standard, the new Australian IFRS equivalent standards will apply. The specific 'not for profit' reporting requirements also apply.

Historical Cost Convention

These financial statements have been prepared under the historical cost convention, as modified by the revaluation of available-for-sale financial assets, financial assets, financial assets and liabilities at fair value through profit or loss, certain classes of property, plant and equipment and investment property.

Critical Accounting Estimates

The preparation of financial statements in conformity with AIFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in applying Council's accounting policies.

(b) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Revenue is measured on major income categories as follows:

Rates, annual charges, grants and contributions

Rates, annual charges, grants and contributions (including developer contributions) are recognised as revenues when the Council obtains control over the assets comprising these receipts. Developer contributions may only be expended for the purposes for which the contributions were required but the Council may apply contributions according to the priorities established in work schedules.

Control over assets acquired from rates and annual charges is obtained at the commencement of the rating year as it is an enforceable debt linked to the rateable property or, where earlier, upon receipt of the rates.

A provision for doubtful debts on rates has not been established as unpaid rates represent a charge against the rateable property that will be recovered when the property is next sold.

Control over granted assets is normally obtained upon their receipt (or acquittal) or upon earlier notification that a grant has been secured, and is valued at their fair value at the date of transfer.

Income is recognised when the Council obtains control of the contribution or the right to receive the contribution, it is probable that the economic benefits comprising the contribution will flow to the Council and the amount of the contribution can be measured reliably.

Willoughby City Council

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS For the Year ended 30 June, 2006

Note 1 – SIGNIFICANT ACCOUNTING POLICIES (cont)

Where grants or contributions recognised as revenues during the financial year were obtained on condition that they be expended in a particular manner or used over a particular period, and those conditions were undischarged at balance date, the unused grant or contribution is disclosed in Note 3(g). The note also discloses the amount of unused grant or contribution from prior years that was expended on Council's operations during the current year.

A liability is recognised in respect of revenue that is reciprocal in nature to the extent that the requisite service has not been provided at balance date.

User charges and fees

User charges and fees (including parking fees and fines) are recognised as revenue when the service has been provided, the payment is received, or when the penalty has been applied, whichever first occurs.

Sale of plant, property, infrastructure and equipment

The profit or loss on sale of an asset is determined when control of the asset has irrevocably passed to the buyer.

Interests and rents

Interest and rents are recognised as revenue on a proportional basis when the payment is due, the value of the payment is notified, or the payment is received, whichever first occurs.

(c) Principles of consolidation

(i) The Consolidated Fund

In accordance with the provisions of Section 409(1) of the LGA 1993, all money and property received by Council is held in the Council's Consolidated Fund unless it is required to be held in the Council's Trust Fund. The consolidated fund and other entities through which the Council controls resources to carry on its functions have been included in the financial statements forming part of this report.

In 2005/2006 Councils Section 355 Committee's accounts have not been consolidated. Although these Committees are a very important part of Council the total revenue and net assets are not material and therefore have not been consolidated into Council's Financial Statements.

(ii) The Trust Fund

In accordance with the provisions of Section 411 of the Local Government Act 1993 (as amended), a separate and distinct Trust Fund is maintained to account for all money and property received by the Council in trust which must be applied only for the purposes of or in accordance with the trusts relating to those monies. Trust monies and property subject to Council's control have been included in these reports.

(iii) Joint Venture entities

Council participates in cooperative arrangements with other Councils for the provision of the Shorelink Library Network.

Joint ventures and Associated entities in relation to which Council does not exert "influence" as defined in the standards are disclosed in Note 19.

Willoughby City Council

Note 1 – SIGNIFICANT ACCOUNTING POLICIES (cont)

(d) Leases

Leases of property, plant and equipment where the Council has substantially all the risks and rewards of ownership are classified as finance leases. Council do not have any finance leases as at 30 June, 2006.

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to the income statement on a straight-line basis over the period of the lease.

Lease income from operating leases is recognised in income on a straight-line basis over the lease term.

(e) Acquisition of assets

The purchase method of accounting is used to account for all acquisitions of assets. Cost is measured at the date of acquisition at fair value.

Where settlement of any part of cash consideration is deferred, the amounts payable in the future are discounted to their present value as at the date of exchange. The discount rate used is the Council's incremental borrowing rate, being the rate at which a similar borrowing could be obtained from an independent financier under comparable terms and conditions.

(f) Impairment of assets

Assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment. Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

For non-cash generating assets of the Council such as roads, drains, public buildings and the like-value in use is represented by the replacement cost.

(g) Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the balance sheet.

(h) Receivables

Receivables are recognised initially at cost, less provision for doubtful debts.

Collectibility of receivables is reviewed on an ongoing basis. Debts which are known to be uncollectible are written off. A provision for doubtful debts is established when there is objective evidence that the Council will not be able to collect all amounts due according to the original terms of receivables.

(i) Inventories

Raw materials and stores

Raw materials and stores are stated at the lower of cost and net realisable value.

Willoughby City Council

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS For the Year ended 30 June, 2006

Note 1 – SIGNIFICANT ACCOUNTING POLICIES (cont)

(j) Non-current assets held for sale

Non-current assets that are classified as held for sale are stated at the lower of their cost and realisable value.

Non-current assets are not depreciated or amortised while they are classified as held for sale.

(k) Investments and other financial assets

From 1 July 2004 to 30 June 2005

Council has taken the exemption available under AASB 1 to apply AASB 132 and AASB 139 only from 1 July 2005. Council has applied previous AGAAP to the comparative information on financial instruments within the scope of AASB 132 and AASB 139.

Adjustments on transition date: 1 July 2005

The nature of the main adjustments to make this information comply with AASB 132 and AASB 139 are that, with the exception of held-to-maturity investments and loans and receivables which are measured at amortised cost (refer below), fair value is the measurement basis. Fair value is inclusive of transaction costs. Changes in fair value are either taken to the income statement or an equity reserve (refer below). At the date of transition (1 July 2005) changes to carrying amounts are taken to retained earnings or reserves.

From 1 July 2005

Council classifies its investments in the following categories: financial assets at fair value through profit or loss and held-to-maturity investments. The classification depends on the purpose for which the investments were acquired. Management determines the classification of its investments at initial recognition and re-evaluates this designation at each reporting date.

(i) Financial assets at fair value through profit or loss

This category has two sub-categories: financial assets held for trading, and those designated at fair value through profit or loss on initial recognition. A financial asset is classified in this category if acquired principally for the purpose of selling in the short term or if so designated by management. The policy of management is to designate a financial asset if there exists the possibility it will be sold in the short term and the asset is subject to frequent changes in fair value. Assets in this category are classified as current assets if they are either held for trading or are expected to be realised within 12 months of the balance sheet date. Council holds a number of investments at fair value through profit and loss as at 30th June 2006.

(ii) *Held-to-maturity investments*

Held-to-maturity investments are non-derivative financial assets with fixed or determinable payments and fixed maturities that the Council's management has the positive intention and ability to hold to maturity. Council holds a number of term deposits as at 30th June 2006.

Purchases and sales of investments are recognised on trade-date – the date on which the Council commits to purchase or sell the asset. Investments are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Council has transferred substantially all risks and rewards of ownership.

Council has an approved investment policy complying with Section 625 of the Local Government Act. Investments are placed and managed in accordance with that policy and having particular regard to authorised investments prescribed under the Local Government Investment Order.

Willoughby City Council

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS For the Year ended 30 June, 2006

Note 1 – SIGNIFICANT ACCOUNTING POLICIES (cont)

(l) Fair value estimation

The fair value of financial assets and financial liabilities must be estimated for recognition and measurement or for disclosure purposes.

(m) Infrastructure, property, plant and equipment

All infrastructure, property, plant and equipment is stated at cost (or deemed cost). Cost includes expenditure that is directly attributable to the acquisition of the items.

Improvements are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to Council and the cost of the item can be measured reliably. All repairs and maintenance are charged to the income statement during the financial period in which they are incurred.

Land is not depreciated. Depreciation on other assets is calculated using the straight line method to allocate their cost, over their estimated useful lives, as follows:

Buildings	20 to 100 years
Vehicles	5 to 8 years
Parks Structures	20 to 100 Years
Earthmoving Equipment	5 to 15 years
Roads – substructure	50 to 100 years
Concrete Bridges	80 to 100 years
Drainage	50 to 100 years

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the income statement.

(n) Payables

These amounts represent liabilities for goods and services provided to the Council prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition.

(o) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the income statement over the period of the borrowings using the effective interest method.

Borrowings are classified as current unless the Council has an unconditional right to defer settlement of the liability for at least 12 months after balance sheet date

(p) Borrowings Costs

Borrowing costs incurred for the construction of any qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Other borrowing costs are expensed.

The capitalisation rate used to determine the amount of borrowing costs to be capitalised is the weighted average interest rate applicable to the Council's outstanding borrowings during the year.

Willoughby City Council

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS For the Year ended 30 June, 2006

Note 1 – SIGNIFICANT ACCOUNTING POLICIES (cont)

(q) Provisions

Provisions for legal claims and service warranties are recognised when: the Council has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

(r) Employee benefits

(i) *Wages and salaries, annual leave and sick leave*

Liabilities for wages and salaries, including non-monetary benefits, annual leave and accumulating sick leave expected to be settled within 12 months of the reporting date are recognised in the provision for employee benefits in respect of employees' services up to the reporting date and are measured at the amounts expected to be paid when the liabilities are settled. Liabilities for non-accumulating sick leave are recognised when the leave is taken and measured at the rates paid or payable.

(ii) *Long service leave*

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the nominal method due to the difference arising from the use of the nominal method compared to the present value calculation not resulting in any material error in the financial statements. Current Employee Leave Entitlements have also been calculated using rates of pay expected to be paid in 2006/2007 as per AASB 1028.

(s) Rounding of amounts

Unless otherwise indicated, amounts in the financial report have been rounded off to the nearest thousand dollars.

(t) Land under roads

Council has elected not to recognise land under roads in accordance with the deferral arrangements available under AASB 1045.

(u) Provisions for close down and restoration and for environmental clean up costs – Tips and quarries

Council are not required to carry out remediation works at 30 June, 2006.

(v) Allocation between current and non-current

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Council's operational cycle. In the case of liabilities where Council does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months.

Note 1 – SIGNIFICANT ACCOUNTING POLICIES (cont)

(w) New accounting standards and UIG interpretations

Certain new accounting standards and UIG interpretations have been published that are not mandatory for 30 June 2006 reporting periods. Council's assessment of the impact of these new standards and interpretations is set out below.

(i) *UIG 4 Determining whether an Asset contains a Lease*

UIG 4 is applicable to annual periods beginning on or after 1 January 2006. Council has not elected to adopt UIG 4 early. It will apply UIG 4 in its 2007 financial statements and the UIG 4 transition provisions. Council will therefore apply UIG 4 on the basis of facts and circumstances that existed as of 1 July 2006. Implementation of UIG 4 is not expected to change the accounting for any of Council's current arrangements.

(ii) *UIG 5 Rights to Interest arising from Decommissioning, Restoration and Environmental Rehabilitation Funds*

Council does not have interest in decommissioning, restoration and environmental rehabilitation funds. This interpretation will not affect the Council's financial statements.

(iii) *AASB 2005-9 Amendments to Australian Accounting Standards [AASB 4, AASB 1023, AASB 139 & AASB 132]*

AASB 2005-9 is applicable to annual reporting periods beginning on or after 1 January 2006. The amendments relate to the accounting for financial guarantee contracts. Council has not entered into any financial guarantee contracts and there will be no effect on the Council's financial statements.

(iv) *AASB 7 Financial Instruments: Disclosures and AASB 2005-10 Amendments to Australian Accounting Standards [AASB 132, AASB 101, AASB 114, AASB 117, AASB 133, AASB 139, AASB 1, AASB 4, AASB 1023 & AASB 1038]*

AASB 7 and AASB 2005-10 are applicable to annual reporting periods beginning on or after 1 January 2007. The Council has not adopted the standards early. Application of the standards will not affect any of the amounts recognised in the financial statements, but will impact the type of information disclosed in the financial instruments.

(v) *UIG 6 Liabilities arising from Participating in a Specific Market – Waste Electrical and Electronic Equipment*

UIG 6 is applicable to annual reporting periods beginning on or after 1 December 2006. Council has not sold any electronic or electrical equipment on the European market and has not incurred any associated liabilities. This interpretation will not affect the Council's financial statements.

(vi) *AASB 2005-6 Amendments to Australian Accounting Standards [AASB 121]*

AASB 2005-6 is applicable to annual reporting periods ending on or after 31 December 2006. The amendment relates to monetary items that form part of a reporting entity's net investment in a foreign operation. It removes the requirement that such monetary items had to be denominated either in the functional currency of the reporting entity or the foreign operation. Council does not have any monetary items forming part of a net investment in a foreign operation. The amendment to AASB 121 will therefore have no impact on the financial statements.

(x) Self insurance

Council does not self insure and is not a member of an insurance pool.

(y) Land

Land is classified as either operational or community in accordance with Part 2 of Chapter 6 of the Local Government Act (1993). This is disclosed in Note 9.

The permitted forms of investment in financial instruments of the Council are defined in an order made by the Minister of Local Government on 15 July 2005, and may broadly be described as "Trustee Securities". Accordingly, credit risk is considered to be insignificant. Deposits and Bills are with, or have been accepted by, banks and credit unions and bear various rates of interest between 5.80% and 6.19% (2005 - 5.75% and 6.40%). NCDs, CDOs, FRNs and Managed Funds are all with organisations with credit ratings that comply with the Minister's Order and bear various rates of rates of return between 4.21 and 7.70% (2005 - 5.88% and 7.46%).

Rates, Annual Charges, Interest & Extra Charges

Overdue rates and annual charges (being amounts not paid on or before the due date determined in accordance with the Local Government Act) are secured over the relevant land and are subject to simple interest at a rate of 9.00% (2005: 9.00%). Although Council is not materially exposed to any individual ratepayer, credit risk exposure is concentrated within the Council boundaries in the State of New South Wales.

Other levels of Government

Amounts due have been calculated in accordance with the terms and conditions of the respective programs following advice of approvals, and do not bear interest. All amounts are due by Departments and Agencies of the Government of New South Wales and the Government of Australia.

Other Receivables

Amounts due (other than User Charges which are secured over the relevant land) are unsecured and do not bear interest. Although Council is not materially exposed to any individual debtor, credit risk exposure is concentrated within the Council's boundaries in the State of New South Wales.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS For the Year ended 30th June 2006

Note 9 (cont) - PROPERTY, PLANT & EQUIPMENT

Valuation of Assets

At 1 July 2000 upon the commencement of Australian Accounting Standard AAS 38 (AASB 1041) "Revaluation of Non-Current Assets", Council elected pursuant to paragraph 10.4(a) of the standard to revert to the cost basis for all classes of assets previously carried at revalued amounts.

Plant & Equipment, Office Equipment, Furniture & Fittings, Leased Plant & Equipment

Assets acquired after 1 January 1993 are recorded at cost. Assets acquired prior to that date and depreciated in accordance with the Local Government Accounting Regulations 1979 are recorded at deemed cost, being the carrying value of those assets at 31 December 1992.

Major depreciation periods are:

Office Equipment	5 to 10 years
Office Furniture	10 to 20 years
Vehicles & Road-making Equip	5 to 8 years
Other Plant & Equipment	5 to 15 years

Asset capitalisation thresholds include:

Office Furniture & Equipment	>\$1,000
Other Plant & Equipment	>\$1,000

Land - Council owned

Freehold land was valued by independent valuation in the reporting period ended 30 June 1995. Pursuant to Council's election, these amounts are disclosed at deemed cost.

All land acquired after 1 July 1995 is recorded at cost. No capitalisation threshold is applied to the acquisition of land or interests in land.

Current valuation

An independent valuation of freehold land based on market value was undertaken by the Valuer General as at 1 July 2000 and totalled \$191,040,000.

This new valuation has not been brought to account as Council will continue to adopt the "cost" basis for recording these classes of assets.

Buildings

Buildings were valued by independent valuation during the reporting period ended 30 June 1996 and pursuant to Council's election are disclosed at deemed cost. All acquisitions made after the respective dates of valuation are recorded at cost. Major depreciation periods are:

Buildings - masonry	50 to 100 years
Buildings – other construction	20 to 40 years

Asset capitalisation thresholds include:

New construction/extensions	\$10,000
-----------------------------	----------

Current valuation

An independent valuation of buildings based on written down current replacement cost as at 30 June 2002 was undertaken by Mr Roger Horton, FAPI FRICS, of International Valuation Consultants and totalled \$132,036,000. The valuation has been made in accordance with recognised valuation procedures as to fair and reasonable value, useful life and remaining life.

These new valuations have not been brought to account as Council will continue to adopt the "cost" basis for recording this class of assets.

All acquisitions made after the respective dates of valuation are recorded at cost. Major depreciation periods are:

Buildings - masonry	50 to 100 years
Buildings – other construction	20 to 40 years

Asset capitalisation thresholds include:

New construction/extensions	\$10,000
-----------------------------	----------

Note 9 – Property, Plant & Equipment (cont)

Land Improvements, Other Structures and Infrastructure

Land improvements and other structures were valued by independent valuation during the reporting period ended 30 June 1996 and pursuant to Council's election are disclosed at deemed cost. All acquisitions made after the respective dates of valuation are recorded at cost. Major depreciation periods are:

Park Structures - masonry	50 to 100 years
Park Structures – other construction	20 to 40 years
Playground equipment	5 to 15 years
Benches, seats, etc	10 to 20 years

Asset capitalisation thresholds include:

Park Furniture & Equipment	\$2,000
----------------------------	---------

Transportation assets were valued by Council officers at written down current replacement cost during the reporting period ended 30 June 1996 and pursuant to Council's election are disclosed at deemed cost. All acquisitions made after the respective dates of valuation are recorded at cost. Major depreciation periods are:

Sealed Roads - Surface	20 to 50 years
Sealed Roads – Structure	20 to 50 years
Unsealed Roads	10 to 20 years
Bridges – Concrete	80 to 100 years
Bulk Earthworks	indefinite

Asset capitalisation thresholds include:

Road construction & reconstruction	\$10,000
------------------------------------	----------

Stormwater drainage infrastructure was valued by Council officers as at 30 June 1997 at written down current replacement cost, based on actual costs incurred during the reporting period ended 30 June 1997 and pursuant to Council's election are disclosed at deemed cost. All acquisitions made after the respective dates of valuation are recorded at cost. Major depreciation periods are:

Drains	80 to 100 years
Culverts	50 to 75 years
Flood Control Structures	80 to 100 years

Asset capitalisation thresholds include:

Drains & Culverts	\$5,000
-------------------	---------

All other assets

Assets acquired after 1 January 1993 are recorded at cost. Assets acquired prior to that date and depreciated in accordance with the Local Government Accounting Regulations 1979 are recorded at deemed cost, being the carrying value of those assets at 31 December 1992.

Major depreciation periods are:

Note 15 (CONT) - FINANCIAL INSTRUMENTS

Credit Risk Exposures

Credit risk represents the loss that would be recognised if counterparties fail to perform as contracted. The maximum credit risk on financial assets of the Council is the carrying amount, net of any provision for doubtful debts. Except as detailed in Note 7 in relation to individual classes of financial assets, exposure is concentrated within the Council's boundaries within the State of New South Wales, and there is no material exposure to any individual debtor.

Note 16 - SIGNIFICANT VARIATIONS FROM ORIGINAL BUDGET

Council's original budget comprised part of the Management Plan adopted by Council on 14th June 2005. The original projections on which the budget was based have been affected by decisions and new grant programs initiated by State and Federal Governments, by the weather, and by decisions made by the Council.

This Note sets out the principal variations between the original Budget and Actual results for the Income Statement.

Further information of the nature and amount of all variations is available from the Council office upon request.

1 INCOME STATEMENT

1.1 Loss from Disposal of Assets

There was no provision made in the Original Budget for a loss on sale of assets.

A number of assets were disposed of during the year by sale (plant & equipment & buildings) or compulsory acquisition (railway interchange) resulting in a net loss on sale of assets of \$975 k (U) 100% for the year.

1.2 Investment Revenues

Investment Revenues were over budget by \$1.3M (F) 100% for the year. This resulted from an increase in the amount invested as well as diversification of funds into various types of investment securities on the short term money and treasury markets.

1.3 Other Revenues

The amount Budgeted for Parking Meter Revenue is included in Other Revenues while the actual income received is included in user charges and fees

Some of the operating grants have been budgeted for under other revenues.

There is a variation of \$1.8M (U) 28.9% for the year

1.4 Grants and Contributions - Operating

In many instances, the actual amount of grants received depends on decisions made by State and Federal Governments after the original budget was adopted.

Some of the operating grants have been budgeted for under other revenues.

A number of grants have been received that were not included in the original budget.

Operating Grants & Contributions was over budget by \$2.7M (F) 111% for the year.

1.5 Grants & Contributions Received – Capital

In many instances, the actual amount of grants received depends on decisions made by State and Federal governments after the original Budget was adopted.

A variation was experienced in relation to developer contributions as a result of changes in the level of economic activity.

Grants & Contributions-Capital was over Budget by \$1.5M (F) 61.8% for the year.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS for the year ended 30th June 2006

Note 18 - CONTINGENCIES & ASSETS & LIABILITIES NOT RECOGNISED IN THE STATEMENT OF BALANCE SHEET

The following assets and liabilities do not qualify for recognition in the Statement of Financial Position but knowledge of those items is considered relevant to user of the financial report in making and evaluating decisions about the allocation of scarce resources.

POTENTIAL INSURANCE LOSSES

Council is a multi-purpose organisation providing a large range of building, parks infrastructure, playgrounds and other facilities accessible to the public. At any time, it is likely that claims will have been made against Council that remain unsettled.

Council insures against all known insurable risks using a range of insurance policies, each of which is subject to a deductible "insurance excess", the amount of which varies according to the class of insurance.

Council has recognised the potential losses arising from claims known at reporting date based on average historical net cost (including insurance excess) of similar types of claims. Other potential claims not reported to Council may have existed at reporting date.

Statewide Mutual

Council is a member of Statewide Mutual, an organisation formed for the purchase and management of certain insurances on behalf of its members. Council is liable to contribute its proportionate share of any shortfall arising through the scheme.

Statewide Mutual's Directors report that the scheme has an accumulated surplus of \$2,679,283.

Details of an agreement between the Commonwealth and State Governments for the partial reimbursement of losses incurred were advised on 22 June 2004. Statewide Mutual is complying with the specified procedures but has not advised whether its claim has been accepted.

Civic Place Project

The Civic place site is arguably the most valuable public land owned by Willoughby City. Due to the pressing need for a new library, public facilities, open space and the community's desire to undertake long term planning for the site, Council in 2000, identified the Civic Place Project as a high priority.

Council resolved to prepare a comprehensive masterplan for Civic Place inclusive of staging and funding plans for construction. The masterplan was prepared over a three year period from 2000 to 2003 and was publicly exhibited from April 2003 to March 2004.

The Masterplan was exhibited and included both Staging and Financial plans to show that the concept proposal in the Masterplan as exhibited was within Council's financial capacity.

The Masterplan was adopted by Council on 12 July 2004 and Council is proceeding with the necessary steps to deliver the project.

These next steps include the preparation of the Planning Instruments (LEP and DCP), the concept design stage, the donor funding program, State and federal Government partnerships, expressions of interest for the Archer Street precinct, terms for the lease/sale council assets, feasibility study for private public partnerships and budgetary policy decisions.

Note 18 (cont) - CONTINGENCIES & ASSETS & LIABILITIES NOT RECOGNISED IN THE STATEMENT OF FINANCIAL POSITION (cont)

LEGAL EXPENSES

Council is the planning consent authority for its area under the Environmental Planning & Assessment Act (as amended). Pursuant to that Act, certain persons aggrieved by a planning decision of the Council may appeal to the Land & Environment Court. It is the Court's normal practice that parties bear their own legal costs. At the date of these reports, Council had notice of 15 appeals against planning decisions made prior to reporting date. All known costs have been recognised, but the amount of further costs cannot be known until the appeals are determined.

CHATSWOOD INTERCHANGE

Council received a compensation payment for the acquisition of the bus interchange at Chatswood Railway station as part of the Transport Infrastructure Development Corporations development of the railway precinct. Council is not satisfied with the amount of compensation and is seeking the payment of a higher amount through the courts.

Willoughby City Council
Independent Audit Report to the Council
(Sections 417(2) – report on the general purpose financial reports)

Scope

We have audited the financial reports of **Willoughby City Council** for the financial year ended 30 June 2006 as set out on pages 1 to 645. The financial reports consist of the general purpose financial reports and Council's statement in the approved form as required by Section 413(2)(a) of the Local Government Act, 1993. Our audit responsibility does not extend to the Original Budget figures disclosed in the Income Statement, Statement of Cash Flows, Notes 2(a) and 16 to the financial statements nor the attached Special Schedules. The Council is responsible for the preparation and presentation of the financial statements and the information they contain. We have conducted an independent audit of these financial statements in order to express an opinion on them to the Council.

Our audit has been conducted in accordance with Australian Auditing Standards to provide reasonable assurance as to whether the financial statements are free of material misstatement. Our procedures included examination, on a test basis, of evidence supporting the amounts and other disclosures in the financial statements, and the evaluation of accounting policies and significant accounting estimates. These procedures have been undertaken to form an opinion as to whether, in all material respects, the financial statements are presented fairly in accordance with Australian Accounting Standards and other mandatory professional reporting requirements and statutory requirements so as to present a view which is consistent with our understanding of the Council's financial position, the results of its operations and its cash flows.

The audit opinion expressed in this report has been formed on the above basis.

Audit opinion

In our opinion:

- a) The Council's accounting records have been kept in accordance with the requirements of the Local Government Act, 1993 Chapter 13, Part 3, Division 2.
- b) The Council's financial reports
 - i. Have been properly prepared in accordance with the requirements of this Division;
 - ii. are consistent with the Council's accounting records;
 - iii. present fairly the Council's financial position and the results of its operations; and
 - iv. are in accordance with applicable Accounting Standards.
- c) All information relevant to the conduct of the audit has been obtained.
- d) There are no material deficiencies in the accounting records or financial reports that have come to light during the course of the audit.

CHATSWOOD NSW

Dear Councillor Reilly

**REPORT ON THE CONDUCT OF THE AUDIT FOR
YEAR ENDED 30 JUNE 2006 - SECTION 417(3)**

We have completed our audit of the financial reports of Willoughby City Council for the year ended 30 June 2006, in accordance with Section 415 of the Local Government Act, 1993.

Our audit has been conducted in accordance with Australian Auditing Standards to provide reasonable assurance as to whether the financial reports are free of material misstatement. Our procedures included examination, on a test basis, of evidence supporting the amounts and other disclosures in the financial reports, and the evaluation of accounting policies and significant accounting estimates. These procedures have been undertaken to form an opinion as to whether, in all material respects, the financial reports are presented fairly in accordance with Accounting Standards and other mandatory professional reporting requirements (Urgent Issues Group Consensus Views) as well as statutory requirements so as to present a view which is consistent with our understanding of the Council's financial position, the results of its operations and its cashflows.

The financial reports were completed and audited within four months of the end of the financial period as required by Section 416(1) of the Local Government Act, 1993.

Flowing from our audit there are a number of comments we wish to raise concerning the trends in Council's finances. These are set out below.

Operating Result

Council's operating surplus fell from \$8.1M in the previous year to \$4.0M. The major factor which contributed to this reduction was:

- Lower profit on asset sales (down \$4.2M).
