INTRODUCTION

Welcome to Willoughby City Council's Annual Report covering the period 1 July 2004 to 30 June 2005.

The purpose of the report is to:

- Review Council's achievements in the preceding year.
- Outline our plans for the future
- Present the strategies being implemented to meet our objectives
- Give details of our financial position as at 30 June 2005

Section 428 of the Local Government Act 1993 specifies criteria which must be included in the report. The various subsections of Section 428 have been treated separately in individual Schedules which form part of the report.

The Management Plan 2004-2009 identifies Council's objectives and strategies for the 5 years following its publication. The Annual Report provides a comparison between the provision of the current Management Plan and performance during the year.

Copies of this Report and the current Management Plan for 2005 – 2010 are available for inspection at Council's Administrative Building, 31 Victor Street, and the Central Library, 407 Victoria Avenue, Chatswood.

This report is supplemented by Council's quarterly newsletter, the Willoughby City News, which keeps residents informed of all current events and issues throughout the year. The Newsletter is distributed to all residences in the City

Should you require further information on any aspect of this report, please contact Council's Administrative Services Branch, phone 9777 1000.

CITY PROFILE

Willoughby City Council adopted the slogan “City of Diversity” in recognition of its diverse natural and built environment, the diverse cultures of its residents and the diverse range of services and activities Council provides for its customers.

Willoughby City is a medium size metropolitan council situated on Sydney’s lower North Shore stretching from St Leonards in the south to Roseville and Castle Cove in the north. The suburb of Chatswood West lies on the western boundary of the City running down to the Lane Cove River with the foreshores of Middle Harbour forming the City’s eastern boundary. (see map)

The City is 23 sq kms in area with over 11 sq kms of bushland, parks and gardens and nearly 20 kms of harbour foreshore. The Chatswood CBD provides the City with a thriving retail and commercial centre.

The Council was originally incorporated in 1865 as the Borough of North Willoughby and achieved City status in 1989. During this time the population has grown to approximately 63,000 with Japanese, Chinese, Italian, Greek and Armenian backgrounds featuring strongly in our multi-cultural society.

The diversity of the City’s built environment is reflected in the thriving commercial centres at Chatswood and St Leonards, industrial areas at Artarmon and East Chatswood and one of the finest retail centres in New South Wales at Chatswood. These centres create a huge employment pool which draws people to the City from surrounding Council areas and further afield.

Chatswood is a central transport node on the North Shore with the Railway Station and Bus Interchange catering for some 40,000 people each weekday. This importance as a transport centre will be amplified when the Chatswood to Epping Rail Link is completed in 2007. It will also be reinforced by a revamped railway station and bus interchange to accommodate the new rail line and cater for additional rail and bus passengers.

The City also caters for a diverse mix of residential accommodation ranging from relatively new high rise apartment buildings located in the Chatswood CBD to high density residential in areas surrounding the CBD and Artarmon to medium and low density housing in the majority of the City. There are a number of conservation areas designed to protect the heritage housing forms featured in some of the City’s residential areas.

Willoughby also enjoys some of the best sporting, recreational, community and educational facilities in the State, which attracts thousands of people to the area each year.

The Council is committed to servicing and working with all of our diverse stakeholders.

COUNCIL'S VISION

Willoughby: the vital hub of the region, where residential, commercial and environmental interests are respected and balanced, and our communities enjoy a diversity of lifestyles.

COUNCIL'S MISSION STATEMENT

Willoughby City Council will use its regional profile to forge partnerships and actively lead the region to strengthen and further develop sustainable local communities

**WILLOUGHBY CITY COUNCIL
ORGANISATIONAL MANAGEMENT STRUCTURE - JUNE 2005**

Schedule (a)

- (a) *a statement of -*
- i) the expenses incurred by the council during that year; and*
 - ii) the revenue raised by the council during that year; and*
 - iii) the assets acquired by the council during that year; and*
 - iv) the assets held by the council at the end of that year,*
for each of the council's principal activities;

The attached Financial Statement provides information as to Council's financial position as at the 30 June 2005.

These statements contain information about budgetary forecasts, revised amounts and actual expenditure and revenue details.

Copies of Council's audited 2004/05 Financial Report are available by contacting the Financial Services Manager on Phone 9777 1000.

Schedule (b)

- (b) a comparison of the council's actual performance of its principal activities during that year (measured in accordance with the criteria set out in the relevant management plan) with the council's projected performance of those activities (as contained in the relevant management plan), together with a statement of the reasons for any difference between them;**

Attached is Council's Management Plan for the period 2004 – 2009.

The Plan is divided into eight Principal Activity areas, viz:

1. Urban Development and Physical Planning
2. Heritage, Environment, Recreation and Open Space
3. Community Development
4. Arts and Cultural Development
5. Economic Development
6. Infrastructure, Transport and Access Management
7. Finance, Administration and Corporate Management
8. Corporate Development and Communication

Within each Activity Area, objectives that Council is aiming to achieve are identified together with the Strategies required to attain these Objectives.

The Plan shows the Progress made during the year in either achieving or working towards the Objectives.

Council reviews the progress made against the Management Plan on a half yearly basis throughout the year.

Schedule (c)

- (c) ***a report as to the statement of the environment in the area, including a report as to :***
- i) areas of environmental sensitivity; and***
 - ii) important wildlife and habitat corridors; and***
 - iii) any unique landscape and vegetation; and***
 - iv) development proposals affecting, or likely to affect, community land or environmentally sensitive land; and***
 - v) polluted areas; and***
 - vi) any storage and disposal sites of toxic and hazardous chemicals; and***
 - vii) waste management policies; and***
 - viii) threatened species and any recovery plans; and***
 - ix) any environmental restoration projects; and***
 - x) vegetation cover and any instruments or policies related to it, including any instruments relating to tree preservation;***

The 2005 State of the Environment Report is a regional report and will be submitted separately by the Northern Sydney Regional Organisation of Councils (NSROC) Board. The benefit of a regional report is that it enables a greater understanding of the state, pressures and responses to the environment within a regional context as environmental issues are often not localised to one particular area.

Willoughby City Council has been active in promoting sustainability by a number of innovative community education campaigns including "Footprints" which is an ecological lifestyle challenge aimed at the 25 to 40 age group and "Towering Towards Sustainability" targeting the Chinese community in Chatswood. Council itself has encouraged staff to consider the sustainability aspects of projects through the development of a triple bottom line assessment tool to review budget priorities.

Population growth continues to put pressure on the environment. Transport issues are of major concern and remain a key challenge for Council. Traffic causes deterioration of air quality, contributes to global warming and impacts water quality through urban run-off. Socially it creates issues of noise, public health, reduced local amenity and community safety. Transport data from the Roads and Traffic Authority indicate that traffic congestion is worsening. Council has been promoting alternatives to private motor vehicles through development control limiting parking in developments near public transport centres and through the development of Transport Access Guides (TAGs). TAGs encourage the use of public transport, walking and cycling to reach Council venues. Five TAGs have been produced including the Chatswood Library, Willoughby Leisure Centre, Dougherty Community Centre, the Administration Building and Willoughby Park Centre.

Waste can have negative impacts on public health and amenity, pollute water sources, release greenhouse gas emissions and require large amounts of land for disposal. Willoughby City Council residents are continuing a trend to increase recycling and remain steady in the amount of waste being disposed of to landfill.

Willoughby City Council manages approximately 290 hectares of bushland. Of the bushland in the care and control of Council, 75% is actively managed. Council currently employs professional bush regenerators who in addition to bush regeneration undertake

ecological and hazard reduction burning, track construction and maintenance and pest species control. Bush regenerators, contractors and community members through the BushCare program augment these activities.

Willoughby City Council through wildlife habitat restoration, creating habitat corridors between bushland reserves and feral animal control has contributed to the return of several native animals. These include the Australian Brush Turkey, Lewin's Rail, the Buff-banded Rail and the Long Nosed Bandicoot.

Water quality remains a severe environmental problem within the City despite significant efforts by Council and the State Government. Macro-invertebrate sampling of the seven local creeks indicates severely impaired water quality. The most significant pressure on water quality is urban development which has led to the loss of vegetation, pollution, increased flow rates, sedimentation and the introduction of exotic species. Council has been working on those sites impacted by urban runoff by creek armoring and bush regeneration. Council has also introduced DCP 35 Water Management which is based on water sensitive design principles. The DCP provides a framework for the control, re-use and disposal of rainwater and stormwater, reduces flooding risk, promotes efficient use of water resources, protects groundwater, specifies controls for soil erosion during and after construction and minimises pollution.

The Air Quality Monitoring Station in Chatswood indicates that particle pollution (PM₁₀) is within acceptable standards. The station was decommissioned in February 2005 due to noise from construction works associated with the Chatswood to Epping Rail Link.

Council has continued to implement its Greenhouse Gas Reduction Strategy by undertaking an Energy Performance Contract at a number of key sites. An EPC reduces energy consumption by investing in proven and cost effective technologies, systems and procedures. Under the contract, qualified energy consultants evaluate the facilities for energy savings that can be achieved then offer to implement the improvements and guarantee the savings. Council's EPC will achieve savings of 875 tonnes per year of CO₂ and 5,600 KL per year of water and will generate over \$110,000 in utility savings.

For further information on the State of the Environment, refer to the NSROC Regional SoE Report, November 2005.

Schedule (d)

- (d) **a report on the condition of the public works (including public buildings, public roads and water, sewerage and drainage works) under the control of the council as at the end of that year, together with:**
- i) **an estimate (at current values) of the amount of money required to bring the works up to a satisfactory standard; and**
 - ii) **an estimate (at current values) of the annual expense of maintaining the works at that standard; and**
 - iii) **the council's programme of maintenance for that year in respect of the works;**

Road Paving

Council has 212 kilometres of public road under its control, all of which is fully paved. Of the 212 kms approximately 10 kms is Regional Road and funding of this is shared 50/50 with the RTA. The remaining 202 kms is fully funded by Council. The road pavement is broken up into asphalt, pavers, and concrete road surfaces. Concrete roads account for 40% of this, asphalt roads 60% and pavers a very minor percentage. Council's pavement management system indicates that the road pavement is generally in a fair condition with 3% of asphalt roads being in very poor condition and 1% of concrete roads being in very poor condition.

As part of Council's Asset Management Strategy there are a number of scenarios for using different budget figures for the road pavement condition. These indicated a significant increase in maintenance spending was required to keep the roads in their current condition.

Similarly with footpaths, Council has a mixture of asphalt paths, concrete paths and pavers. In all of these groups less than 1% of the pavement types would be classified in a very poor condition. Council has some form of kerb and gutter or edging on over 80% of its roads. In general this edging is in fair condition with once again less than 3% of it being in very poor condition and in need of urgent replacement.

Schedule (e)

1. Bush Regeneration

Council's Bush Regeneration Program involves a mix of permanent and part-time staff, contracted companies and community volunteers (BushCare).

The bushland staff team works on a rotational cycle in seven principal reserves: Ferndale Park, Mowbray Park, Artarmon Reserve, Explosives Reserve (including HC Press Park), H J Reid Reserve, Clive Park and Blue Gum Reserve. These reserves are worked on each month with the team spending approximately two to three days on each site.

There has been a continued increase in the area being covered by contracted bush regeneration companies. Larger reserves such as Ferndale, Mowbray, Blue Gum and H.D. Robb have had consistent and frequent visits by contractors to assist Council staff in maintenance and primary weeding. Other reserves are also visited and maintained on a monthly basis. This prevents weed situations from worsening and prevents existing good bush areas from deteriorating. As future resources become available the intensity of treatment will be increased.

Council engaged selected contractors.

- Australian Bushland Restoration Pty Ltd
- Green Earth Landscapes
- Gondwana Bush Restorations
- Lilly Pilly Indigenous Landscapes
- Mathers Bushcare Pty Ltd
- National Trust of Australia (N.S.W.)
- Bowerbird Emporium
- Gecko Environment Management
- Willoughby Environmental Protection Association (WEPA)
- Sydney Bush Regeneration Company
- Waratah Eco Works
- Lindsay Horner Landscapes
- Harbour Regeneration
- Greenyer Landscapes

There are over 270 active community volunteers involved in bushland rehabilitation work. The BushCare program raises awareness of environmental issues and educates the community in bushland management conservation.

The Bush Friendly Backyard Program continues to encourage residents to increase the available habitat for native fauna through weed removal and planting indigenous species in their backyard. A Bushland Projects Officer has visited over 274 residential properties and

land managers adjoining bushland reserves. The program offers assistance with on site advice and information on bushland conservation.

2. Track Construction/Maintenance

Council's bushland crews maintain walking trails as part of reserve maintenance. Contractors are used for construction where a larger scale approach is necessary or construction is beyond the resources of Council teams.

New track work was undertaken in the following bushland reserves:

- Cheyne Walk
- Ferndale Park Greville St access
- Embrasure Res
- Flat Rock Gully- Wilks walk
- Castlecrag Northern Escarpment
- Sailors Bay Park

Council

Maintenance

- H J Reid Foreshore Track
- Mowbray Park
- North Arm Track
- Artarmon Res.
- Griffin Reserves
- Blue Gum Reserve

Contractors

W.A. Hamilton Masonry
Blues Bros Pty. Ltd.
Bossley Bobcats

Stormwater Control

Council's bushland crews have carried out small-scale treatment works at various stormwater outlets within bushland reserves. Usually this entails stabilising the area with rock and constructing small sediment detention basins; these are cleaned when the reserve is next visited and after heavy rain periods. Follow up weeding, supplement planting, erosion control and monitoring of all sites.

Contractors who have ready access to machinery and a larger workforce undertake larger construction work. Sites are prioritised according to whether regeneration is occurring in the area and the level of impact of the stormwater flow to surrounding bushland. Solutions are kept as low key as possible however some disturbance is inevitable during construction.

Contractors:

Blues Bros Pty Ltd

Artarmon Park

Rock armouring of stormwater discharge point at Artarmon Rd.

Flat Rock Gully

Dawson St, Calbina Rd and Grafton Ave

Noxious Weed Control

Council's bushland teams have continued to advise residents adjoining bushland reserves of the necessity to remove noxious weeds. BushCare volunteers also inform neighbouring properties of problems of noxious weeds spreading into bushland. Compliance issued 55 noxious weed notices to property owners to remove noxious weeds.

The Noxious Weeds Committee - Sydney North has published an informative brochure identifying declared noxious weeds in the northern Sydney region. Publicity and events (Weed Busters Week) have helped to raise community awareness of weeds and their impacts. Council removes noxious weeds from Open Space areas via its staff and contractual bush regeneration programs. Also, Council's Noxious Weed Team, target weeds in drainage reserves adjacent to bushland.

Council continued the project *Target Noxious Weeds* as part of its e.restore environmental restoration program. This has successfully reduced the number of noxious weeds and associated environmental and health problems to the community.

Bushland Interpretation

Council's Bushland Interpretation Program continues to be in great demand from the community. This has resulted in a general increase in all aspects of the program and the addition of new events and activities. There were 98 activities with approximately 2,594 children and adults attending. A quarterly program outlining these activities is available at Council and libraries and included in the BushCare mailing list.

There has been a marked increase in the participation from fourteen local schools in Council's Schools' Environmental Awareness Program in a variety of activities. Approximately 3,000 children have been involved.

The Interpretive Program includes:

- Guided bushwalks for the general public and local groups
- Spotlight walks
- School talks and bushland field trips for various curriculum subjects
- Providing concept plans and conducting tree plantings for environmentally friendly school grounds
- Stormwater drain stencilling and involving schools in environmental competitions
- Tree plantings with local groups, e.g. Planet Ark Tree Planting Day
- BushCare Information Trailer – interactive displays for community events and open days, e.g. Arbor Day, World Environment Day, Weed Busters Week, National Biodiversity Month, Council's Spring Fair and ABC Gardening Australia Show
- Libraries and Council foyer bushland displays
- Talks and walks with school holiday care and special needs children.
- Talks and bushwalks with MOSIAC (multicultural) groups with interpreters

6. Reserve Documentation

Bushland Reserve Action Plans and weed documentation has continued throughout the year. These plans comply with the Urban Bushland Plan of Management and are working documents produced for Council Contractors, BushCare Volunteers, and Council field crews. The Bushland Committee assist and comment on the development of these plans.

7. Fox baiting program

Willoughby is part of a regional fox-baiting program involving Councils, NSW National Parks and Wildlife Service and other statutory authorities.

This program has been implemented in bushland reserves throughout the Willoughby Council area since May 2000 and will continue in 2005/2006.

Program Areas:

Social Planning

The Social Plan 2005-2009 for the Culturally & Linguistically Diverse (CALD) community, is one of 8 Social Plans that Council has developed in community development work. The CALD Social Plan identified the changing needs of the CALD community and developed strategies in response to these needs. The Plan was an outcome of extensive consultations with relevant service providers and the local multicultural community through public forums, ethno-specific groups, discussions and a resident survey. The previous 5-year Social Plan 1999-2004 for People from a Non-English Speaking Background was evaluated with strategies adopted in relevant areas. Over the next 5 years, Council will implement the recommendations in accordance to priority and resource allocation.

Community Development

Chinese Information Expo

Council in joint partnership with the Migrant Network Services, Centrelink, NSW Police, Australian Chinese Community Association and Chinese Australian Services Society hosted the Chinese Information Expos in June 2005 for the Chinese community living in the Northern Sydney region. More than 30 service providers from a wide range of services including aged, health, education, employment and police were present on the day to provide information and answer enquiries in relevant community languages. Over 300 people from attended the events. Feedback from the service providers and the community were extremely good.

Working with Small Emerging Community

Council, together with Anglicare and Migrant Network Services delivered the “Working with Small Emerging Community” workshop. The workshop provided an opportunity for the service providers to share knowledge, skills and resources in their work with the small and emerging communities.

Mental Health for the Korean Community

Council’s MOSAIC Korean Social Group continued to deliver a monthly workshop to the local Korean community focusing on the mental health issues. The workshop was facilitated by a bi-lingual psychologist funded by the Transcultural Mental Health Centre. The program commenced August 2003.

Information Talks in community languages

During the reported 12-month period, 26 information sessions were held with a total attendance of 756 people. Among the talks, 12 were health-related, 6 on sustainability topics and the others related to Council services, fire prevention and local community services.

Keep Well, Be Active

Council continues to involve the multicultural community in physical activity programs at the MOSAIC Multicultural Centre. There are 8 ethnic groups who have taken on a form of physical activity as part of their weekly group gatherings. These activities are in the form of yoga, gentle exercise, Tai Chi, Qigong, Yang Ji and folk dances.

Cultural Workshops/ Festival Celebrations/ Community Events

To promote understanding and interaction between one another, Council has hosted a number of cultural workshops and community events with the active participation of the local ethnic community groups.

Cultural workshops included the talks on the History of Australia, Muslim community, Buddhism and Baha’i.

The multicultural community have actively participated in the events held by Council for Australian Day, Chinese New Year, Iranian New Year, Harmony Day, Guringai Festival, Spring Festival, Street Fair, Moon Festival, Diwali and the MOSAIC End of Year Party. These events enhanced active participation of individuals and groups.

The MOSAIC Taiwanese Multicultural Dance Group and MOSAIC Japanese Dance Group have been regularly invited to perform at various occasions at schools, aged care homes,

community and religious groups, gatherings and festivals in local and neighbouring councils.

MOSAIC (Multicultural One Stop Assistance and Information Centre)

MOSAIC is a service of the Community Development Branch within the Community Services Division of Willoughby City Council.

The service is managed by Willoughby Council staff, who are supported by a team of trained English-speaking and bi-lingual/ multi-lingual volunteers. MOSAIC aims to assist the non-English speaking residents to settle and participate in the community.

Objectives:

- To enrich the Willoughby Local Government area by embracing and promoting cultural diversity
- To promote understanding, respect and friendship between all cultural backgrounds
- To establish and develop links with different ethnic groups in the community
- To promote access and equity in service provision
- To facilitate the community participation in decision making
- To involve residents of different cultural backgrounds in the planning and running of the service
- To provide multicultural information and referral services
- To develop and co-ordinate a programme of education, support and general interest, e.g. English classes, Multicultural Seniors Group

Service Provision:

Information and Referral Services

People can phone or come to the Centre to make an enquiry on specific issues.

Bi-lingual/ multi-lingual volunteers or the Translating & Interpreting Service are used to overcome any language barriers in communication. The Centre carries a wide range of pamphlets on various services in community languages.

Community English Classes/ English Conversation Groups

English Classes and English Conversation Groups were conducted by either qualified or trained volunteers. During the reported period, there were 4 classes and 5 conversational groups held

every week from beginners to lower intermediate level. The aim of these classes is to build up the confidence of the students and help them to improve their English for managing daily tasks.

Tax Help

Approved trained volunteers from the Australian Taxation Office worked from MOSAIC between July to October to assist the low income earners in filling out the tax return.

Other Organisation Programs based at the Centre

Adult Migrant English Services (AMES) conducted English classes at MOSAIC and the Dougherty Community Centre for the eligible recent arrivals.

The Australian Chinese Community Association (ACCA) operated 2 weekly programs for older Chinese community: a respite care program at MOSAIC and a dementia day care program at the Dougherty Community Centre.

The LNS Multicultural Respite Care Program

The Lower North Shore Multicultural Respite Care Program for the Frail, Aged Persons from a Non-English speaking background is funded by HACC. This service provides a centre-based once-a-week program for the older people and is a respite service to their carers. The elderly people from various cultural backgrounds enjoy coming together for indoor activities and monthly outings.

WILLOUGHBY CITY LIBRARY

Carnivale 2004

Carnivale at Willoughby City Library aims at providing opportunities for the community to discover, understand and appreciate others' culture.

Enjoy Yourself at Carnivale 2004 at Willoughby Library started in September 04 to coincide with the Spring Festival. Many children were attracted to the library stall for tattooing and making their headbands at the Street Fair. Filipino cultural display was organised during the Carnivale period and four multicultural programs were held for children and adults. These programs were "Harlequin to the rescue-puppet show", "Needlepoint Workshop", "Wild and Woolly World Tales", and "An Audience with Miaow". All of them were well received.

Adult Learners Week

A display of ESL (English as a Second Language) collection (books and AV kits) was set up in the Library to celebrate the Adult Learners Week in September. Additional trainings on using the ESL PC to improve level of English were also run by the Ethnic Services Librarian.

Japanese Week

The Library's Ethnic Services and Children's Services teams co-organised the "Japanese Week" in November. It consisted of three special activities focusing on Japan and Japanese culture. Japanese volunteers conducted the "Origami Workshop". All seatings were fully booked well in advance. The Children's team also brought the "Storytime Goes Japan" to the Branch Library. The children, who are pre-school age and younger, enjoyed all the rhymes, songs and stories.

Elizabeth Falconer, an overseas Koto storyteller, was invited to the Library to re-tell Japanese folktales with Koto playing. All activities were successful and well attended.

Chinese New Year Celebrations—Year of the Rooster

Willoughby celebrated the Year of the Rooster with lots of Chinese traditional decoration in the Council foyer and the Library. The Council foyer was decorated with huge bi-lingual lucky slogans and rooster pictures painted by local Chinese artists.

The Library organized a series of activities to celebrate the festival with the community. 2 sessions of “Lucky Slogan Writing” workshops were run in the Library and attracted nearly 80 people to practice their Chinese writing skill. One special workshop for the Korean students from Macquarie University was also organised. “Traditional paper-cutting workshop” and “New Year Storytelling Sessions” were well attended. 500 Chinese Activity Booklets were distributed.

A press conference was held at the Council Chamber to launch the Chinese New Year Celebration programs. The Mayor demonstrated lucky slogan writing that inspired everyone at the conference. Details of all the activities were broadcasted by local Chinese radios and reported on local newspapers and several major Chinese newspapers including Sing Tao Daily, and Australian Chinese Daily.

The major celebration day of Willoughby Chinese New Year Festival 2005 was held in the Chatswood Mall on Saturday 12 February 2005. More than 20,000 people enjoyed the different entertainment programs and commended on a successful event.

Northern Sydney Chinese Info Expo

Northern Sydney Chinese Info Expo was held on 29 June 2005 at the Dougherty Community Centre. More than 200 Chinese visitors (both Willoughby residents and non-Willoughby residents) attended the Expo. The Library stall received lots of enquiries about English classes, library opening hours, BIMS (Chinese Online Catalogue), e-books, home delivery services. It was a good opportunity for the Ethnic Services Librarian to establish more contacts with the community.

English Conversation Classes and ESL Tours

English learning is very popular in Willoughby. During the year, 142 sessions of intermediate ESL conversation classes were conducted in the Library. Regular referrals to MOSAIC, and TAFE colleges of lower or higher levels were made. 35 sessions of ESL tours for Macquarie Community College, AMES and TAFE colleges were held.

BIMS™ (Book Information Management System)

BIMS™, the Chinese bi-lingual online public catalogue system was upgraded. It is the first in NSW. The new interface was more attractive and user-friendly. Additional training sessions in using the new BIMS™ interface were conducted to help the library customers.

Internet Training in Chinese

We received many requests of Internet tutorials in Chinese. The Ethnic Services Librarian conducted Chinese Internet Tutorials in both Cantonese and Mandarin for Chinese customers during the year. The Library also provided Internet Tutorial notes in Chinese for the customers.

Community Relations and Library Promotion

Schedule (n)

- (n) *a statement of the activities undertaken by the council during that year to implement its equal employment opportunity management plan;*

Equal Employment Opportunity Management Plan

Equal Employment Opportunity continues to be an integral component of Council's activities and is monitored by Human Resources and Training and Development staff.

Equal Employment Opportunity – Activities

- Implementation of the Bullying, Harassment and Workplace Violence Prevention Policy and Procedure. This policy was immediately followed up by a mandatory “all staff” training course.

Equal Employment Opportunity – Training

Equal Employment Opportunity principles are incorporated throughout the organisation via internal training.

Council is continuing to incorporate EEO into its courses, such as:-

- Equal Employment course for all new staff. This course includes:
 - Anti discrimination
 - EEO & Grievance procedure
 - Bullying, Harassment and Workplace Violence
- Coaching for Managers and Supervisors
- Code of Conduct
- Induction Policy and Procedures for Supervisors
- Performance Planning and Review System
- Recruitment and Selection
- Supervising Employee Performance
- Enhancing Cultural Effectiveness
- Cultural Sensitivity & Intercultural Communication

Training staff continually review training methods and materials to ensure respect for individual differences, cultural and gender characteristics and provide equal access for all training and development opportunities.

Future Strategies – Equal Employment Opportunity

- EEO Staff Survey results to be analysed and distributed.
- Continuation of EEO staff training programmes.
- Endeavour to improve accessibility of training courses and to provide flexibility in timing, delivery and location.

Schedule (o)

- (o) *a statement of all external bodies (such as county councils) that during that year exercised functions delegated by the council;*

The following external bodies carried out functions delegated by Council during 2004/2005:

BODY	FUNCTION

Schedule (p)

(p) a statement of all companies in which the council (whether alone or in conjunction with other councils) held a controlling interest during that year;

Council has no controlling interests in any companies.

Schedule (q)

- (q) *a statement of all partnerships, co-operatives or other joint ventures to which the council was a party during that year;*

Council is involved in the following partnerships, co-operatives or other joint ventures:

- **Dougherty Apartments Retirement Housing Project** - is a joint venture between Council, the Uniting Church of Australia and the NSW Department of Housing. The Apartments, which are situated at No 1 Victor Street, Chatswood, provide varying types of accommodation, eg:
 - (i) rental housing for clients of the Department of Housing
 - (ii) self-funding retirement housing, and
 - (iii) a 40 bed hostel where rooms are serviced for the occupants.
- **Shorelink** - is a joint venture between five councils viz North Sydney, Mosman, Lane Cove, Manly and Willoughby which links the library resources of the member councils giving borrowers access to a huge range of books, audio cassettes and other library materials.

Each Council is represented on the Shorelink Committee by a Councillor and its Librarian. The Committee considers policy matters, future planning of the service, and ongoing management issues.

The Shorelink Network is funded by each Council as part of its Libraries' operating budget.

- **Willoughby Leisure Centre** - is managed on behalf of Council by the Willoughby Community Recreation Association Inc.

A Management Agreement between Council and WCRA Inc defines the manner in which the Centre operates and a Committee which comprises three Council representatives, the Centre Manager and community representatives oversee its operation.

WCRA Inc leases the Centre and associated equipment from Council.

- **Statewide Mutual Insurance Pool** – a co-operative of a number of councils with the objective of minimizing the insurance premiums payable by member councils and sharing risk strategies.
- **NSROC Supply Management Group** - a joint venture comprising active councils in the Northern Sydney Regional Organisation of Councils, which is committed to reducing expenditure by utilising bulk purchasing power for common products.
- **Willoughby / Lane Cove Family Day Care Scheme** – a joint scheme to assist home based child care operators. This service provides additional home care for children outside the child care services supplied by Council.

- **Willoughby / Lane Cove State Emergency Services Committee** – a joint service to respond to damage from storms, flooding or similar emergencies in the Willoughby and Lane Cove Council areas.
- **Willoughby / Lane Cove Emergency Management Committee** – a joint committee responsible for formulating procedures and contingency plans should the Willoughby/ Lane Cove Council areas be affected by a large scale disaster which requires a co-ordinated local response.

Schedule (r1)**(r1) Freedom of Information**

The majority of applications for access to council files and information are made under Section 12 of the Local Government Act. Section 12 requires Council to make its files available to any person who requests to view them. Information on the files is made available to people requesting to view the files subject to certain exemptions including privacy and public interest issues. Further, the Act provides that a person may obtain copies of documents on the files subject to payment of a photocopy charge.

The number of requests for access to files under Section 12 was in the vicinity of 450 for the year 2004/5.

Although there are no guidelines set down in Section 12 for the treatment of documents considered to be confidential, Council has applied the Exempt Documents provisions contained in the Freedom of Information Act to applications received under Section 12.

There have been no major issues that have arisen during the year in relation to Council's compliance with FOI requirements.

There were no inquiries or appeals under the FOI Act to the Ombudsman, or the Administrative Appeals Tribunal involving Council.

Schedule (r4)

(r4) details of the activities undertaken by Council to develop and promote service and programmes that provide for the needs of children;

The Children's Services Branch of Council has over 50 staff attending to the needs of up to 500 children providing care and education through Long Day Care, Family Day Care, Out of School Hours Care and Vacation Care programmes. Council also financially assists Community Based Child Care Services through the Community Grants Program.

Long Day Care – Council manages and operates two long day care facilities offering 82 placements for children aged 0 – 6 yrs. A large number of placements are taken by children of families where English is a second language. Council is committed to and supports the inclusion of special needs children into our programs.

Family Day Care – The Willoughby Lane Cove Family Day Care Scheme has been successfully amalgamated since 1991. There are currently 28 Carers registered in the Scheme with over 200 children enrolled. As with our Long Day Care facilities the scheme has an extensive waiting list. Recruitment for new carers is ongoing.

Before and After School Care – Council manages and operates three OOSH services, Chatswood, Naremburn and Artarmon Kids Cottage. All services are undergoing Quality Assurance with Kids Cottage being the first to achieve Accreditation in May 2005. Chatswood and Naremburn will submit Self-Study Reports in 2005/06 period. Placements being utilised daily presently run at approximately 165. Before School Care at Chatswood OOSH ceased in May 2005 due to a fall in demand. Demand for After School Care at Naremburn has increased with the result that small numbers of children are being transferred to Chatswood OOSH each afternoon. As with our other services OOSH provide for special needs children supporting their enrolment within the services.

Vacation Care - Council has operated four vacation care services, Chatswood, Bales Park, Beauchamp Park and Kids Cottage this year. With the introduction and increase in enrolments at Artarmon Kids Cottage Vacation Care, Beauchamp Park only operated during the July holiday period. Artarmon Kid's Cottage has successfully achieved Accreditation status in May 2005. The remaining Centres are undergoing Quality Assurance in 2005/06. Vacation Care in general has greater numbers of children attending with parents from non English speaking backgrounds and children who attend with special educational needs are also more likely to have higher support needs than those attending Before and After School Care.

General Comments – Willoughby City Councils Children's Services Branch has been actively involved in many events and projects to promote and enhance the provision of programmes that provide for the needs of children. These are:

- Integrated Children's Concert celebrating Children's week with 11 schools and over 300 students, parents and teachers in attendance. This included the active participation of three special education schools.
- Providing staff to inform and educate parents attending Early Childhood Health Centres on a regular basis.
- Active participation in the Willoughby City Spring Fair and the Artarmon Fair.
- To celebrate the diversity of families in the area a display was held in the Willoughby City Council Foyer during Families Week, May 2005.

- Children's Forums held throughout the year to inform the Social Plan and to provide a consultative outlet for parents and stakeholders in the Childcare Industry.

On September 30, 2004 a new Children's Services Regulation came into effect. The Children's Services Branch actively supports the introduction of the new Regulations developed to enhance the quality of the current provision of childcare in the industry.

Willoughby City Council's Children's Services are committed to the provision of quality services and programmes. This commitment sees Willoughby City Council's Children's Services meeting their goals and objectives as stated in the management plan for the provision of quality accessible services and programmes which encourage and support the integration of children with special educational needs and those from families where English is a second language.

Schedule (r5)

- (r5) *programmes undertaken by the Council to promote services and access to services for residents and other users of those services;*

Council utilises a variety of mediums to publicise and promote its programmes and services.

Advertising

- A “Willoughby City News” advertising column in the North Shore Times newspaper features announcements, advertising of Council related programmes and other special Council and community events. Lists of all Development Applications and major developments are advertised on a fortnightly or monthly basis. The Community Facilities Branch also takes out regular seasonal and weekly advertisements in a range of local and broader media.

Newsletters

- Council produces a quarterly newsletter “Willoughby City News” which is delivered to all residents and stakeholders in the City. The newsletter keeps residents and businesses up-to-date with Council activities.

Publicity

- Press releases and bulletins are produced on a range of issues, events and programmes for local and broader media as and when required.

Internet Website

Council’s Internet address is: ***www.willoughby.nsw.gov.au***

- Council’s website is under constant review to improve the look and accessibility of the site. We continue to refine and update the information contained on the website to serve the community and our stakeholders.

Council and Committee Meetings

Council and Committee meetings are held on all Monday evenings (with the exception of 5th Mondays of the month). All meetings are open to the public and people can make arrangements through the General Manager to address the meetings regarding any item on the agenda.

All Ordinary Council meetings contain a section called Open Forum where members of the public can address the meeting for 3 minutes on any subject not listed on the agenda.

Business Papers

All Council and Committee Business Papers are available at Council’s Administrative Offices and Libraries on Thursday evenings prior to the meeting.

In addition, the Business Papers are placed on Council's Website on Friday for people to access the agendas, reports and minutes of Council and Committee meetings.

Council has instituted a telephone "hotline" which people can ring to find out which items are appearing on the next Council and Committee Meeting agendas. The "hotline" is updated each Thursday afternoon with information for the next week's meetings.

Public Meetings

- Public meetings and workshops are often held to discuss specific issues or developments with residents and stakeholders. Staff members also attend meetings of Progress Associations and the Chatswood Chamber of Commerce to promote communication with residents and businesses.

Workshops

- Several workshops and public meetings were held throughout the year to enable specific issues to be discussed in open, interactive situations involving Councillors, staff and interested members of the public. Some of the topics covered included:-
 - Civic Place redevelopment consultation process consisting of public meetings, consultation sessions with various target and stakeholder groups.
 - the Parramatta Rail Link.
 - Willoughby City Strategic Plan – special meetings with targeted groups
 - Child care forum

Brochures

- Council produces a range of brochures and flyers to promote its various services and activities.

School Visits

- A School Information Project Kit has been produced to inform school students about local government and in particular Willoughby Council. School visits and tours of Council are held in the Council Chambers as and when requested.

Bushwalk Programmes

- Council employs a full-time Bushland Interpretative Officer who organises regular bushwalks throughout the year to promote the use of local open space and promote its bushland management activities.

Displays in the Chatswood Mall

- Council organises a variety of information displays in the Chatswood Mall to coincide with special events such as Arbor Day, Children's Week, Road Safety Week, Walk-to-Work days etc. These displays are designed to promote Council activities.

Willoughby Spring Festival

- The annual Spring Festival held throughout the month of September features a variety of community, artistic and cultural events and activities. The highlight is the Willoughby Street Fair held in the Chatswood Mall which attracts crowds approaching 70 000 people to the City Centre. The Fair includes a large number of stalls some of which are devoted to promoting Council activities such as children's services, road safety issues, bush care, waste management, environmental issues and recycling.

Displays and Noticeboards

- Displays are often mounted in the Council Administrative Building or the Willoughby Library to promote services, activities or special events. There are also a number of noticeboards in Chatswood Mall and throughout the City on which a range of Council and community information is displayed.

(For details of the remuneration paid to senior staff refer to Schedule g)

Schedule (r7)

(r7) National Competition Policy

National Competition Policy requires Council to identify its "Business Activities" and to apply the principle of competitive neutrality to these businesses.

The principle of competitive neutrality is based on the concept of a "level playing field" between persons competing in a market place, particularly between private and public sector competitors.

Essentially, the principle is that Council should operate without net competitive advantages over other businesses as a result of its public ownership which means that when Council competes in the market place it should do so on a basis that does not utilise its public sector position to gain unfair advantage over a private sector competitor.

In adopting the above principle, Council is required to determine the full costs of carrying out a business activity including tax equivalent regime payments such as sales tax, land tax, etc.

Any subsidy provided by Council must be made explicit in the calculations.

In terms of national Competition policy, there are 2 categories of Business Activities and they have differing reporting requirements as follows:

Category 1 Business

Category 1 Businesses have a gross operating turnover of \$2 million or greater.

Councils are required to apply Taxation Equivalent Payments in accordance with the requirements of "Pricing and Costing for Council Businesses - A Guide to Competitive Neutrality"

All Category 1 businesses are expected to generate a return on capital invested. In a competitive market the return on invested capital should be equal or better than the return on a Commonwealth 10 year bond.

When determining the level of any subsidy, Council is required to include a return on capital invested in the calculations and make the subsidy explicit.

Category 2 Business

Category 2 Businesses have a gross operating turn-over of less than \$2 million.

Councils are required to apply if practical, Taxation Equivalent Payments in accordance with the requirements of "Pricing and Costing for Council Businesses - A Guide to Competitive Neutrality"

Category 2 businesses are encouraged to generate a return on capital invested.

When determining the level of any subsidy, Council are encouraged to factor into their calculations a return on capital invested in the calculations. The subsidy is to be made explicit in the calculations.

Council Business Activities

The Council as part of its Management Plan and ongoing Budget Review process reviews its operations to ensure that any changes in the classification of business activities are carried out in a timely manner.

The following services are Council's "Business Activities" in terms of National Competition Policy:

Artarmon Child Care Centre

This Centre provides long day child care services for up to 30 places at its premises situated at 3 Abbott Road Artarmon, from 7.30am to 6.00 pm.

As the total annual operating revenues is less than \$2,000,000, it is defined as a "Category 2" Business.

Devonshire Street Child Care

This Centre provides long day child care services for up to 52 places at its premises situated at 38 Devonshire Street Chatswood from 7.30am to 6.00 pm.

As the total annual operating revenues is less than \$2,000,000, it is defined as a "Category 2" Business.

Family Day Care

The Willoughby Lane Cove Family Day Care service arranges day care services for children in need of care from ages 0-12 years at a registered carers home.

As the total annual operating revenues is less than \$2,000,000, it is defined as a "Category 2" Business.

Before / After School Care / Vacation Care

Council operates Before & After School Care services for children at the following centres:

Artarmon (BSC & ASC)
Chatswood (BSC & ASC)
Naremburn (ASC)

Before school Care hours are from 7.30am to 9.00am and After School Care Hours are from 3.00pm to 6.00 pm.

In addition Council in conjunction with the State Government operates Vacation Care Services at the following centres during school holidays:

Artarmon Vacation Care Centre

Bales Park Vacation Care Centre
Chatswood Vacation Care Centre
Beauchamp Park Vacation Care Centre

As the total annual operating revenues is less than \$2,000,000, it is defined as a "Category 2 "Business.

Dougherty Food Services

Dougherty Food services is a commercial food kitchen that supplies meals on a contract basis to a number of organisations as well as catering for functions and the operation of a coffee shop.

As the total annual operating revenues is less than \$2,000,000, it is defined as a "Category 2 "Business.

Civic Centre

The Civic Centre comprising 2 multi purpose halls available for hire by the general public is located in the heart of Chatswood.

As the total annual operating revenues is less than \$2,000,000, it is defined as a "Category 2 "Business Unit.

Commercial Property

Council has a very large property portfolio and has numerous leases with a diverse range of organisations.

The following categories of leases being deemed to constitute Business Units under National Competition guidelines as they are of a "business" nature

- Airspace Leases
- Commercial Lease
- Residential Leases

As the total annual operating revenues is greater than \$2,000,000, it is defined as a Category 1 "Business

Whilst the Council considers many of these activities community services, as there exists a degree of private competition within the specific industry, they are classified as Business Activities for National Competition Policy purposes.

The Council has factored into its business activities full cost attribution which includes a proportion of corporate overhead costs. Whilst all Council's business activities are all Category 2 business activities with the exception of its commercial property portfolio, Council has applied the full requirements of competitive neutrality pricing applicable to Category 1 business activities including taxation equivalent payments, corporate taxation and a return on capital when calculating the notional subsidy from Council.

The Special Purpose Financial Reports attached disclose the Notional Subsidy that Council provides for the operation of these "Business Activities" where Council provides

the service on a less than cost recovery basis or accepts a lower rate of return on its investment in the Business Activity than would be acceptable to a private sector company.

Complaints Handling Mechanism

The Council updated its "Complaints Handling Policy" which also deals with Competitive Neutrality Complaints in February 1999 and copies can be obtained by contacting Council's Help & Service Centre during normal office hours.

The policy details the procedures that Council will follow when dealing with a competitive neutrality complaint.

Enquiries and complaints in respect of Competitive Neutrality should be directed to Council's Corporate Services Director.

Council has not received any complaints in respect of competitive neutrality during the 2004/05 financial year.
