

**Subject:** Proposed Heritage Item at 8 First Avenue, Willoughby East

We have looked over the report and there is one very small change that we would like to propose to alter. It is in the updated inventory sheet that has been drafted and recommended by Graham Brooks.

In the NSW Heritage Inventory form, under 'Recommended Management'

The statement: 'Aspects of lesser significance include:

We would like to propose to change the word 'Lesser' to 'Little'

We spoke with Graham about this last week and he noted that 'Little' was more in line with industry terminology on the matter.

Besides this very small word change we are satisfied with the councils report at this stage. Please advise if you require any more information from our end before this afternoon's meeting.

Many Thanks,

Lill and Lucas Jenner
