

Subject: Council meeting: Heritage item 15.5 - 11 padulla place castle cove- Dr Bassar House report edits by Polly Seidler

For willoughby council meeting tonight 20 April 2020 **item 15.5** - Proposed heritage listing for 11 Padulla Place Castle Cove (Dr Bassar house)- i ask that the attached corrective edits be made to any heritage report
I note there is no report in attachment 4 online.

I will try to type with sticky notes so you have the edits electronically. And send later.

Apologies for delay on this.
I hope not too late

Also - can it please be noted that in addition to heritage considerations that federal copyright act moral rights provisions of artistic integrity be considered for any modification or alteration to any item of architecture where the architect died 1955 or later or has not yet been dead for 70 years (whichever is the later) given copyright and moral rights provisions of copyright act still exist - that council require its heritage consultants and planners to make contact with architect or estate to clear copyright and moral rights discuss the item. Nothing under NSW planning or heritage law exempts complying with federal copyright act provisions - and council leaves itself vulnerable to infringing copyright and moral rights if no consultation is made for late 20th century architects.

Regards
Polly Seidler
Daughter of Architect Harry Seidler
