Subject: Draft plan for the Haven before WCC tonite

AGENDA ITEMS 15.5 AND 15.19 council meeting 14th September 2020

The Draft plan will - hopefully - be put before residents for comment

I note the plan does not mention a new stage and indeed the sketch of the area does not show a stage.

That is a dreadful omission!

Also - consideration of the plan should be specifically put before the Haven Amphitheatre Committee - or if it does not exist - then the former Committee.

It appears that WCC has no commitment to re-building the stage and the chance to do that before the Griffin Centenary next year is rapidly diminishing.

Yours faithfully
