Denise Park

17 August – 18 September 2020

Foyer Exhibition Space

Daily Impressions explores the work of local artist Denise Park. This exhibition focusses on scenes of daily life in the local Willoughby area, from cosy domestic settings to the hustle and bustle of the local bus stop, markets, and cafés. Park's keen observation of daily social interactions is reflected in her work, ranging from playful children and family picnics to bored husbands, waiting for their wives to complete their shopping.
